

## ***Aurelian* Errata**

**(As of 26 Dec, 2015)**

*(If you bought the PDF on 7 Dec, it had these two errors. They have since been corrected.)*

### **Page 3: The Rulebook**

The third sentence makes reference to "background color" on the full rule PDF. You can ignore that reference. In order to keep the file size under control for tablet devices I eliminated the background color for both PDFs.

### **Page 45: Agile**

The sentence should read, "*...do not apply the -2 penalty...*" (Not -1).

## **Action Card Errata**

The German *Sunft* and *Wuosti* interrupt cards should have the "M" symbol to show that they interrupt the enemy's Movement phase, not the "C" for Combat phase.

*(This error was corrected on 26 December, 2015 and does not apply to cards purchased or downloaded after that date.)*
