

Welcome to Freejumper

This PDF contains all the system cards and interfaces needed to play the complete game, both the basic and advanced rules. You may print out these cards and mount them as you please.

Each player needs one full set. No player should have more than one set.

If you would prefer to purchase a set of full-color cards, you may do so from [DriveThru Cards](#). These are high-quality, professionally-printed playing cards, comparable to those in other HONOUR games. These are the cards that are used in the game's illustrations and examples.

The set includes all the cards and interfaces in this PDF.

If you do not yet own a copy of the *Freejumper* game rules, you will need to purchase it from the [HONOUR online store](#).
