Special Rules

American Planes

The **Dauntless** and **Helldiver** divebombers carried much heavier ordnance than their predecessors the Vindicators, or their counterparts in other fleets. Their AP bomb value is "7" rather than the normal "3." (These bombs are designated "AP*" above.)

The **Corsair** costs four points each.

Pickle Barrels

American torpedoes are *Poor Quality* through the end of 1943. They add +1 to the difficulty of a shot. In 1944, American torpedoes have a value of "3" and are no longer *Poor Quality*.

Allies

You may purchase Dutch or Australian ships. They have the same repair level as American ships.
